**NATIONAL SAVINGS CERTIFICATES**

Are now available in three different series, maturing after 5, 7 and 12 years. The certificates yield 3%, 3½% and 4-1/6% simple interest respectively, at maturity. The 12 years certificates increase your money by 50% but if necessary can be encashed after 18 months (Rs 5/- certificates after 12 months). The 5 and 7 years certificates can be encashed at any time.

National Savings Certificates are obtainable in denominations of 5, 10, 50, 100, 500, 1,000 and 5,000 and you can invest upto Rs. 25,000 in them (inclusive of any Post Office cash certificates held).

Full particulars obtainable from all post offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers or the National Savings Commissioner, Simla.

**TODAY'S SAFEST AND MOST PROFITABLE INVESTMENT**

## REMARKS

The figures of births and deaths shown in this statement for week ending the 23rd July, 1949 relate to 146 towns with an estimated population of 17,907 thousands. The total number of towns is 213 and their population is 25,943 thousands. Thus 69% of the total number of towns representing 69% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 10,028 and 6,144 representing birth and death rates of 29·1 and 17·8 per thousand of the population respectively.

(A) Indian Provinces.—The data here relate to 129 towns with an estimated population of 16,093 thousands. Information from Bihar & Bombay & Assam could not be included. The total number of towns is 189 and their population is 23,320 thousands. Thus 68% of the total number of towns representing 69% of the total population is covered.

The numbers of births and deaths recorded in those towns were 8,988 and 5,571 representing birth and death rates of 29·0 and 18·0 per thousand of the population respectively. The table at the end gives the position by provinces. No town recorded a high death rate of 50 or over per thousand of the population.

(B) Unions and States.—The data here relate to 17 towns with an estimated population of 1,814 thousands. The total number of towns is 24 and their population is 2,623 thousands. Thus 71% of the total number of towns representing 69% of the total population is covered. The numbers of births and deaths recorded in these towns were 1,040 and 573 representing birth and death rates of 29·8 and 16·4 per thousand of the population respectively. No town recorded a high death rate of 50 or over per thousand of the population.
